MAIN FEATURES:

Dual head lift:

Heads can be adjusted independently.

LED under bed lighting:

Set the mood or find the door - whatever you do with our below-bed LED lighting is up to you. We just don't want you stumbling around in the dark.

Anti-snore:

Gently raises the head of the bed to alleviate the effects of snoring. Possibility to reprogram the position.

Zero G™ position:

One touch button that raises the legs and the head to promote circulation and relieve pressure off of the lower back. Possibility to reprogram the position.

Gravity release safety feature:

Head and foot motors designed to lower the mattress by retracting only with gravity, never pulling downwards, which minimizes pinch points.

Compatible with headboard:

Compatible with our headboards. Headboard brackets sold separately.

2 USB outlet:

Charge your favorite mobile devices with USB outlets on each side of the base.

Battery back up strap:

In the event of a power outage, the base can be brought to a flat position by installing batteries to the emergency strap under the bed.

Smooth Power™ lifting system:

Head and foot motors that gradually increase in power when articulated, providing the user with seamless transition from position to position.

Zero Standby Power™ system:

For the energy conscious consumer, the Zero Standby Power System consumes < 1 W when not in use.

Next generation SilentDrive™ motors:

Head and foot motors engineered to preserve a peaceful sleep environment by creating very little noise when activated.
