THRIVE AT HOME WITH OUR INNOVATIVE FEATURES:

ADJUSTABLE HEIGHT

Raises or lowers by voice or remote control, to get in and out of bed safely.

SUPPORT RAILS

To assist with entering and exiting the bed. The barrier follows movements of the bed and attaches securely to the side of the bed.

UNDERBED LIGHTING

Movement detector which automatically turns on to illuminate the area around your bed when you get up at night.

VOICE CONTROL

Allows you to control the bed via simple voice instructions in addition to the remote control. The device also acts as a smartphone charging station.

HEALTH SENSORS

Simply lie on your bed to measure your sleep patterns, health metrics and generate reports accessible through the Dawn House app.

ANTI-SNORE

Gently and automatically raises the head of the bed to alleviate the effects of snoring.

RISE TO WAKE

Gently lifts head in the morning to wake without an alarm clock.

ZERO G PRESET POSITION

One touch button that raises the legs and the head to promote circulation and relieve pressure off of the lower back.

MASSAGE MOTORS

3 levels of massage for better muscle recovery.

SHARING OPTION

Easily share your sleep and health reports with loved ones through the Dawn House app.
